HOW TO MAKE A PAPER BOAT

1. Fold in half side to side then open out flat again.
2. Fold in half top to bottom (and keep folded).
3. Fold in top corners to middle fold.
4. Fold bottom flaps up on both sides.
5. Put hands into hat shape, pull out and flatten to make diamond shape.
6. Fold bottom points to top points on both sides.
7. Put hands into triangle, pull out and flatten to make diamond shape.
8. Pull top points of diamond sideways to create ends of boat.
9. Pull out sides of boat so it sits flat... you're ready to set sail!
