CURRICULUM INDICATORS & CAMP PROGRAM
Camp activities have been mapped to Stage 2 & 3 curriculum outcomes in PDHPE, Science & Technology, HSIE and Mathematics. We can provide you with this documentation, or adapt activities to fulfil specific curriculum units upon request.

We will work with you prior to camp to identify your educational objectives and transform them into an integrated camp program. All administrative documentation is provided in order to minimise your organisational load.

CAMP COST & LOCATION
Costs for Primary camps start from $70 per student per day, depending on location and activities.

Whilst the Summit team primarily operates primary camps at Crusaders’ campsites (Galston Gorge & Lake Macquarie), we frequently run camps at a variety of locations across NSW & the ACT to suit your aims and budget.

“Outstanding, enthusiastic, professional. All the staff knew the students really well, looking out for special needs, demonstrating clear communication between each other and school staff and asking for our input regarding student expectations. They developed positive Christian relationships with all students.”
